

Sharon Dror

Test Automation Engineer

+972 54 620 9079 | sharondror@hotmail.com | LinkedIn Profile | My Website

PROFESSIONAL PROFILE

Test Automation Engineer with 4+ years of experience designing, implementing, and maintaining scalable automation solutions for cloud applications. Skilled in Playwright, TypeScript, REST API testing, and CI/CD integration, with a strong record of translating product and technical requirements into reliable automation strategies in Agile engineering environments.

TECHNICAL SKILLS

Test Automation	Playwright, UI Automation, End-to-End Testing, REST API Testing, Regression Testing, Test Planning
Languages	TypeScript, JavaScript, Python, C, C++
CI/CD	GitHub Actions, Jenkins
Version Control	Git, GitHub
Tools & Platforms	Jira, ReportPortal, Kubernetes, SQL
AI Tools Experience	GitHub Copilot, Claude Code, OpenAI Codex, Augment

PROFESSIONAL EXPERIENCE

Redis | Automation Developer

August 2022 - Present | Tel Aviv, Israel

- Developed and maintained UI and REST API automated tests using Playwright, TypeScript, and JavaScript.
- Led QA activities for an automation initiative from research and planning through implementation and production delivery.
- Partnered with product managers and software engineers to translate product and technical requirements into a QA strategy, test plan, and automation implementation plan.
- Designed and implemented automation infrastructure supporting automated testing for the project.

- Developed simulators and testing utilities to improve automation coverage and enable reliable end-to-end testing.
- Integrated automated test suites into GitHub Actions and Jenkins CI/CD pipelines.
- Validated application behavior in Kubernetes environments and used SQL for test data validation and troubleshooting.
- Participated in code reviews, contributing to code quality, maintainability, and automation best practices.
- Leveraged AI-assisted development tools, including GitHub Copilot, Claude Code, OpenAI Codex, and Augment, to improve development efficiency.

OrboGraph | Quality Assurance Tester

October 2019 - April 2022

- Performed functional and regression testing and collaborated with developers to improve product quality.

Helicon Books | Junior PHP Developer

March 2016 - March 2017

- Developed bookstore websites, landing pages, and supported customer-facing web applications.

EDUCATION

Experis Software

C/C++ Software Development Internship | 2017 - 2018

Tel Aviv University

Bachelor's Degree, Film/Cinema/Video Studies | 2010 - 2014
